The American Eagle One Ounce Gold Uncirculated Coin is the collector version of the American Eagle Gold Bullion Coin. Struck on specially burnished blanks, the coin bears a finish similar to its bullion counterpart but has a “W” mint mark, indicating its production at the United States Mint at West Point. Each coin is encapsulated in plastic and mounted in a presentation case accompanied by a Certificate of Authenticity.

–Featured on the obverse of the 22-karat gold coin (heads side) is Augustus Saint Gaudens’ full-length figure of Liberty. The coin’s reverse (tails side) features Miley Busiek’s image of a male eagle carrying an olive branch flying above a nest containing a female eagle and her eaglets.

The United States Mint, created by Congress in 1792, is the Nation’s sole manufacturer of legal tender coinage and is responsible for producing circulating coinage for the Nation to conduct its trade and commerce. The United States Mint also produces proof, uncirculated and commemorative coins; Congressional Gold Medals; and silver, gold and platinum bullion coins.

Note: To ensure that all members of the public have fair and equal access to United States Mint products, orders placed prior to the official on-sale date and time of May 5, 2011, noon ET shall not be deemed accepted by the United States Mint and will not be honored.
